STAFF REPORT

AGENDA ITEM NO. 1

To: Honorable Parks & Recreation Commission
From: Steve Costley, Director of Parks & Recreation
Date: July 20, 2021

Subject: Parks & Recreation Department Projects Update

Recommended Motion: Receive and File

Report Summary: Each year the Parks & Recreation Department has several projects that take place in order to keep facilities in good working condition for the public at large. Many of the larger projects are based off the Department's two different Master Plans that are reviewed by the Commission on a regular basis. These are projects that often include renovations of whole parks or addition of park space in the community.

In addition, there are several smaller projects that are based on maintenance and repair of ageing facilities. These projects are a mix of planned repairs and unexpected needs that pop up from time to time. The projects listed below are an effort to provide information to the Commission so that they are kept aware of what is taking place at the different park facilities.

Large Projects:

Hollydale Community Park – A Prop. 68 grant application was submitted by the Department in March of this year. We requested a little over \$4 million dollars for the overall renovation of Hollydale Community Park. In July we received a site visit from the State to review our project and provide them additional information.

Urban Orchard Park – Groundbreaking took place for this new park site on July 10 with major funding from Rivers and Mountain Conservancy and several other granting agencies. Construction will be taking place during the next year with an expected opening in the Fall of 2022.

Circle Park – Renovation plans are 90% complete and the Department is looking for funding from both the State and County. We recently received a Technical Assistance and Planning (TAP) grant from the County that will be supplying us with an outside Grant Writer to assist us in these efforts.

Maintenance Projects:

Park Lighting Project – This project will make upgrades to interior and exterior lights at the

Auditorium along with changing out the outdoor security lighting to a more cost-effective LED package. In addition, we will be replacing the outdoor tennis court & basketball court lights and getting a Musco light controller for Diamond #9.

Swim Stadium Window Repairs – The sliding windows at the Swim Stadium will be taken down and repaired including new thresholds, rollers, and locking devices. Also, all the windows will be re-caulked.

Park Maintenance Yard Roof – Replacement of the roof for both the carport and building areas will take place during the Fall and will take approximately two weeks to complete.

Auditorium Roof Project – The Department received over \$400,000 in CDBG funding to replace the Auditorium roof. As one of the City's busiest facilities it is important to keep the structure intact and without leaks. This project will help protect the interior of the facility for years to come.

Boy Scout Huts – Funding from CDBG was also received to renovate the various Scout Huts located at South Gate Park. The major portion of the funding will be used to replace the roofs on each building and any leftover funding will be used to begin design process for other renovations.

While there are other smaller projects that are on-going, these are the ones that are currently taking the most staff resources. Should you have any questions, please feel free to reach out to staff.

STAFF REPORT

AGENDA ITEM NO. 2

To: Honorable Parks & Recreation Commission
From: Ian Kokot, Acting Recreation Superintendent
Date: July 14, 2021
Subject: Recreation 4th Quarter Review

Recommended Motion: Motion to Receive and File

Report Summary: The following report will cover recreation programming that took place between April-June. During the 4th quarter of the year the department increased programming opportunities based on the reduction of COVID-19 guidelines. Although, we are not near our normal operation, the results over the past three months are very encouraging.

Partner Organizations (Sports)

The Aztec Football program hosted clinics during April, May, and June in preparation for their upcoming football season in the Fall. The JAA was able to complete a baseball/softball season with games in May and June. AYSO is ready to move forward but still is having some difficulty finding the needed coaches to participate in game play. The Aquatics Club returned to the pool for training in mid-May.

Contract Classes

All contract classes such as: Hip Hop, Cheerleading, and Tumbling all reached maximum capacity. A dance camp was offered in June which reached full capacity.

Sports & Aquatics

Free tennis classes that began in April hit max registration with 30 registrants.

Aquatics

Phase 1 of Youth & Adult Private/Semi-Private/Group Swim Lessons and Aquatic Therapy Classes are underway. Approximately 300 swimmers currently registered. On May 15, the swim stadium hosted a Water Safety Day in conjunction with International Water Safety Day. The annual World's Largest Swim Lesson was offered in June with 50 participants.

Fitness Center

The 4th quarter was a transition period for the Fitness Center. The Outdoor Fitness Zone saw decreased usage when the Sports Center opened for limited fitness activities in April. The indoor free Fitness Center saw consistent attendance during this three-month period. Drop-In Youth Fitness on Mondays & Fridays had a total of 200 participants through June. Drop-In Family Fitness on Saturday's had a total of 60 participants. Outdoor Yoga, Virtual Yoga, Quarantine Abs, Boot Camp, Step Aerobics are ongoing with consistent attendance.

Youth & Adult Sports

Youth Cheer: Tuesdays & Thursdays from 6pm - 8pm at Baseball Diamond 9-10.

Youth Football: Tuesdays & Thursdays from 6pm - 8pm at Diamonds 9 & 10.

SGJAA Baseball/Softball: Mondays - Thursdays from 6pm - 8pm at the Small & Large Quads

SGHS Boys Baseball: Mondays - Fridays from 2 - 6pm Diamond 1 (ended in May).

AYSO: no use yet.

SG Aquatics Club: Monday – Thursdays from 5pm – 7pm at the pool

Drills & Skills Class: Registration opened Monday, April 12 and reached full capacity with additional 5-week classes offered in June which reached full capacity also.

Special Events

Easter Egg-Stravaganza on April 3 had 170 registered cars.

Social Media

The department now has 1,600 followers on the Parks Instagram page (@sgparksandrec_). Staff has incorporated use of various methods of social media to promote programs.

Staff was able to distribute our quarterly brochure in May. This was the first brochure available since the onset of the pandemic. Summer 2021 recreation classes have begun with interest being very high.

STAFF REPORT

AGENDA ITEM NO. 3

To: Honorable Parks & Recreation Commission
From: Glenn Massey, Parks Superintendent
Date: July 22, 2021
Subject: Grounds and Facility Maintenance 4th Quarter Report

Recommended Motion: Motion to Receive and File

Report Summary: For the Commission's consideration and review; the following are details of both Grounds and Facility Maintenance updates for this past quarter.

Grounds Maintenance

- This fourth quarter we've maintained 10 baseball fields – prepared, dragged, packed, and watered 5 days per week.
- Staff has pressure washed picnic tables, benches, playground areas, handball courts, small quad, bandstand, outside restrooms, golf course, senior center, City hall and other areas as needed; and in preparation for rentals.
- Grounds staff have trapped over 50 gophers at South Gate Park and have replaced over 160 sprinklers throughout Hollydale and South Gate Parks this quarter. We completed the landscape improvement project adjacent to the horse corrals at Hollydale Regional Park and renovated the putting greens at the Golf Course.
- Continuing to comply with CDC recommendations, we are pressure washing and disinfecting playgrounds, the Dog and Skate parks, and all other open areas. Also, Grounds staff continues servicing and beautifying over 180 acres of Park land.

Park Facility Maintenance

- With the balance of reopening our Parks for events, picnics, and sports activities we continue addressing the ongoing challenges with restroom cleanliness with a weekly restroom disinfecting program to mitigate the spread of COVID-19. Besides using the C3 Machine to apply the disinfectants and cleaners, we have

implemented the use of the newly purchased Electrostatic Disinfecting Equipment for more coverage in our cleaning and disinfecting efforts for both indoor and outdoor restroom facilities. This will allow us to use them simultaneously, giving us more coverage. We are also disinfecting all tables, chairs, door handles, and a/v equipment once they have been set up for an event's use.

- The Community Service Worker program which was suspended since the start of the pandemic to suppress the spread of COVID-19 has resumed; however, with a limited intake of only ten people maximum per day for everyone's safety.
- The epoxy product Public Works applied for both aesthetics and cleanliness to some of our highly used restrooms during last quarter has been very helpful in our being able to keep the rest rooms clean.
- We continue to host several COVID-19 vaccine clinics, testing sites, and food giveaways for the community.

Staff continues to work hard to keep our parks clean and safe, and making sure to keep up with the continuously evolving CDC changes. As we move forward this year and facility programming reopens, staff will create a plan to service indoor and outdoor facilities accordingly.
